SUMMARY

Final-year Computer Science student specialising in cybersecurity with a strong interest in network security, secure system development, and application development. Currently working on a cryptography-based final year project. Seeking an internship opportunity from 27 July to 18 October 2026 to apply my technical knowledge and problem-solving skills in a practical development and security role.

SKILLS

Programming Language : . C++ . Javascript . Python . PHP . HTML&CSS
Libraries/Framework : . React.js . Express.js . Node.js
Database : . MongoDB . MySQL
Language : . Malay . English

EXPERIENCE

Multimedia University, MMU

July 2023 - October 2023

Multimedia and Design - INTERNSHIP

Supervised by Assoc. Prof. Ts. Dr. R. Kanesaraj A/L Ramasamy, MMU.

- Edited and produced videos for academic presentations, project demonstrations, and educational activities to enhance audience engagement and communication effectiveness.
- Assisted in conducting Arduino and basic C programming workshops at Sekolah Jenis Kebangsaan (T) Ladang Kampung Baru, Kuala Selangor, helping student understand fundamental coding and hardware concepts.

EDUCATION

BACHELOR OF COMPUTER SCIENCE (CYBERSECURITY)

July 2024 - October 2026

Multimedia University (MMU)

- CGPA: 3.17

DIPLOMA IN INFORMATION TECHNOLOGY

July 2022 - July 2024

Multimedia University (MMU)

- CGPA: 2.85
- MUET: Band 3.5

AES-Based Encryption Framework for Customer Feedback for Protecting Customer FeedbackData

- Developed a full-stack Customer Feedback Management System to streamline customer feedback submission, tracking, and response management processes.
- Applied cryptographic and security techniques to protect sensitive customer information, secure user authentication, and enhance feedback management.
- Project url: <https://gogodish-feedback-system.vercel.app/>

Personal Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase technical skills, education, projects and experience.
- Implemented a modern user interface using HTML and CSS with responsive layouts for desktop and mobile devices.
- Project url: https://airinsyamimi11.github.io/portfolio-nurairin_syamimi/
